The Information Centre will be open after College until 4.40pm for homework/quiet study

What Went Well

PA

CLC – Last week our Post 16 students were lucky enough to meet with four of Landau's ex-students who are Performing Arts practitioners currently working in the Performing Arts Industry.

Simon Smith who is a musician, singer songwriter and has recently co-written two songs on the New Britney Spears album in LA as well as releasing his own album. He also performs all over the world!

Julie Chilvers, a freelance dance artist currently based up in Edinburgh creating and performing in contemporary dance pieces, alongside creating dance for and in the community setting.

Adam Horvath who is a professional actor based in Derby who works all over the country – he was the first recipient of The Brian Weaver Fellowship at Derby Theatre and is making a name for himself.

Michael Harris-Wakelam the Theatre Manager at Melton Theatre in Leicester, who knows all there is to know about managing both the Theatre space and the people in it!

This was predominantly as research for their Unit 2: Professional Practice but also gave them an insight into working in the **Creative Industries**. Hopefully the expertise of our ex-students has inspired our current students to aim high and prove to them that anything is possible – the Creative Industries is thriving in the UK, even in the current economic climate!

UKMT 2017 Team Maths Challenge

PKS – On 28 March Callum Sparks and Nathaniel Willoughby (in Year 8) and James Dark and Adam Turnbull (in Year 9) represented the College in the Regional Final of the UKMT 2017 Team Maths Challenge. They worked effectively and efficiently as a team which saw them gain ground after the first round to finish a very respectable 6th out of 28 teams after all four rounds. Congratulations to all!

Upcoming Events

Geography

DDB - Year 12 Geographers will be going on a residential visit to Hull and Whitby, leaving College at 8am on Wednesday 12 April and returning by 6pm on Thursday 13 April. Students will be visiting Learning Tutors before they go to find out what work they will need to do. Staff attending the visit will be A. Taylor, D. Briggs and R. Turley

ICT

SDC -

Event: Games@Derby.

Event date: Wednesday, 26 April 2017 at 1.00 PM

Venue: Atrium, University of Derby, Kedleston Road, Derby DE22 1GB

Students from the University of Derby will present their gaming creations to leading UK gaming companies on Wednesday 26 April 2017 at Games@Derby.

Third year students, divided into teams, who study on the BA (Hons) Computer Games Modelling and Animation and BSc (Hons) Computer Games Programming courses at Derby, will showcase their creations in the Atrium at Kedleston Road, from 1-5pm.

Prior to the showcase, there will be a Dragons' Den style panel, consisting of industry professionals and gaming experts from universities across the UK.

Local schools and colleges will also be attending, enabling students to trial the games for the first time and learn about the world of gaming.

If you are interested in attending this event contact Miss Carter via email (scarter@landau-forte.org.uk)

Notifications

History

AMB - Could PT's please support in ensuring that Year 11 historians are accessing their weekly revision emails and making use of the suggestions it contains.

Information Centre

CEH - We have a lot of students with overdue books and when this involves Years 7, 8 and 9 it means they are unable to borrow further books to progress along the Accelerated Reader Scheme. It also means those late or lost books are unavailable for the rest of the students to borrow. Please help us to guide the students in their organisational skills in returning books on time and note that Year 7s with overdues issued before the last holiday will have a slip in their Parent consultation packs with the details and an amount requested towards the books replacement if it is lost.

CEH - Some time ago a number of students went to a seminar and were advised that in order to **really** achieve they needed to read a **broad spectrum of current affairs publications**. The publications mentioned were **The Week, The Economist, New Scientist and History Today**. We already have **History Today** as a regular subscription but we are purchasing the others, along with **The Week Junior edition**, for this term to see if students make use of them. We have spread these and other publications out on the tables and on the journal racks to make them as accessible as possible so please share this information with your students and encourage them to broaden their reading habits. The journals can be borrowed for a couple of days but we are hoping that picking up and perusing articles that catch their eye *even for a few minutes* will have a positive impact!

Science

DDB - All Year 11 students now have access to an online quizzing tool called 'Tassomai' which develops students' subject knowledge in Science. The quizzes adapt to the strengths and weaknesses of each student and take just a few minutes to complete. We are encouraging students to take these online quizzes little and often – please encourage your tutee to keep logging on and giving these quizzes a go. Students can also show you the progress they are making from their dashboard.

Events, Activities, Meetings & Gatherings

Date	Gatherings	Time	Event/Activity
Monday 10	Year 13	ALL DAY ALL DAY ALL DAY	Life at Landau (Sixth Form) Y7 Consultations *Deadline for Y7 Appeals*
