# THE LANDAU LEADER

## Stay safe and stay at home

**We are missing our students very much.** The college is so quiet without you all. The most important thing is to stay safe and stay at home.

### Landau Forte Parliament

The Landau Forte Parliament are delighted to announce that we have received our Well-being badge from the Diana Award Anti-Bullying Ambassador programme. Our LFMP's have worked extremely hard, running projects to promote and improve well-being across the college, including 'Kindness Week'. This involved all students writing postcards to each other, with positive messages on. This went down so well we had to order more postcards half way through the week! We have also introduced drop-in sessions, where students are able to express any concerns they have within school and to put forward any ideas they have. This award is great news but our hard work doesn't end here, we are already thinking of what we can do to work towards the next badge, and we won't stop until we have them all!

### Drama House Competition

**The positivity and creativity of so many of our students is something we are very proud of at College**

When the House Competition of writing just a 2 page script was launched, this allowed many to really come into their own! The script could be set wherever the student's liked; have as many characters as they wanted and the plot was completely up to them. It just had to be within 2 pages (smallest font size 10 – this was questioned by a student very quickly!) Reading the entries was an absolute delight! We were taken from attics to forests and from gaming worlds to different periods of history. There were human characters with varying relationships; animal characters that ranged from cats to dinosaurs, and even one's called *Unit*

and *Statistic*. I felt sadness, hope and positivity, sometimes all within the same story! There was even deeper meanings and political messages in some entries, and magical worlds and escapism in others. A massive well done to all who took part, the winning entries were:

Key stage 3: Olivia & Freya  
Key stage 4: Chloe, runner-up Liz  
Key stage 5: Priya

If anyone was wondering if you can be hooked into a story and taken on a journey in just 2 pages...well our students have proved that you can!

# Landau Bake Off

Thank you to Mrs Kenworthy and all the students who enter our Landau Bake Off. We were amazed by the quantity and quality of entries. There were some fantastic bakes, we have some very talented bakers at LFCD! Our own celebrity baker, Bakr, judged the event and the overall winners were;

**Large cakes - Kate, Ben, Chloe and Jacob**

**Pastry and bread – Kony, Maddi and Ryan**

**Puddings – Raja and Gideon**

**Small cakes and biscuits – Shifa, Phoebe and Olivia**

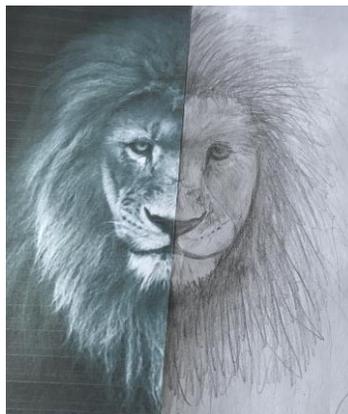

**Staff section – Mrs Smith, Miss Knight and Miss Carter**

## A selection of artwork created by students during the lockdown period

Ana-Beatriz, Y7

Simrat, Y7

Numann, Y8

## Clap for carers

Our Y9 student Matilda appeared on BBC Radio Derby's Afternoon Show on Tuesday 5<sup>th</sup> May. Like many of you, her family have been taking part in the weekly "Clap for Our Carers" but they have added their own unique twist by playing their musical instruments. Matilda plays the Euphonium, which is like a small tuba and she plays alongside her Dad, younger sister and brother, who all play different instruments. The weekly Family rendition has helped to boost the community spirit; they have even started getting requests from neighbours! Matilda has completed her Grade 3 and is now working towards Grade 5 music exam. Well done Matilda!
