

Withdrawal Process

If any parent/guardian has returned a consent form, but then wishes to withdraw consent from the flu vaccination, please complete a withdrawal of consent form and pass it onto our immunisation team prior to the vaccination session in school.

This is the only way that parents/guardians of children will be able to withdraw consent. This will ensure that any errors on the day of the vaccination session are kept to a minimum.

Any queries, please contact our office on 0333 358 3397
Option 6

Please ensure that all staff are aware of the withdrawal process.
