

RemoteApp and Remote Desktop Academy Devices How To Guide

RemoteApp and Remote Desktop – Microsoft Windows OS

Landau Forte has pre-configured your Trust laptops with the facility to connect to Trust resources from home.

Before connecting you must perform the following:

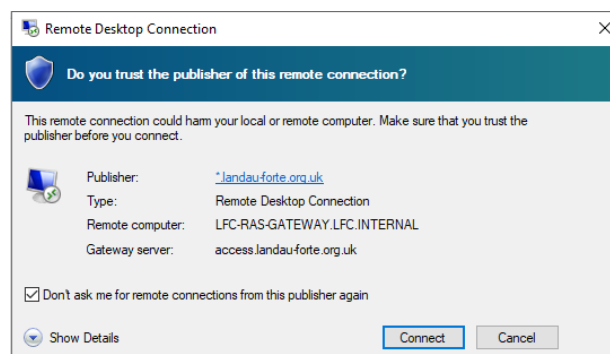

- Make sure you have logged onto your laptop before taking away from site.
- Connect to your home wireless network.

Initiating a connection to Remote Desktop and RemoteApp

1. On your start menu you will have a set of links to access RemoteApp and Remote Desktop. These can be found under “***SITENAME Remote Access**”.

2. You can choose to either access the full Remote Desktop app or just individual applications e.g. Microsoft Outlook.
3. After selecting one of the applications you will be asked to verify that you trust the publisher. Check the box “Don’t ask me again for remote connections from this publisher” and click Connect.

4. When prompted enter your Academy login details as **LFCUSERNAME** followed by your password
